

Vural SEN ; One of the leading names of Turkey's interior architecture and interior design since 2008. Sen was graduated from California State Polytechnic University Pomona USA and then Stuttgart State University Department Of Integrative Technologies & Architectural Design Research. He is the founder and director of Vural Şen Architecture and Interior Design Determinal Company which is based in Istanbul Providing services within projects of interior architecture, facade design, and art design since 2010.

Designing creative spaces, making dreams come true, and having knowledge and experience of the world styles as well as his success in modern living spaces of today. Vural Şen Maintains his bright position in the industry for a year with his project of residence, hotels, houses, offices, factory showrooms, stores, and food & beverage restaurant management units. After experimental success in interior architecture, he is now more concentrated in combining heritage design with modern architecture. By this composition, he aims to redefine CONTEMPORARY interior architecture and create new projects. For future projects in interiors , his main focus for working on exclusive projects. Such as private residential and commercial projects.
